THURS. 25TH JUNE 2015

Dear Rotarian Arthur,

As one who played a small
part in helping to launch the project in 1994,

may I send you and your team my warmest
congratulations to the Rotary Doctor Bank on
achieving its 21st Birthday.

What you and your colleagues
have achieved during the past two decades
has, I am sure, far surpassed the wildest dreams
of the small group who gathered in our sitting room
all those years ago!

I am sure your fellow Rotarians,
like myself, are grateful for what you do and proud
that you and your team represent "Rotary Service"
at its finest. It is particularly encouraging to learn
that medical students are being inspired by
your efforts.

Very best wishes for the future.
Yours in Rotary Service

Tutor (Jones)
